

**TASK ANALYSIS**  
**Passing**

SKILL: Passing to a moving partner.

VISUAL DESCRIPTION: Hold the lacrosse stick with the support hand on the butt end of the stick and the dominant hand about one foot away down the shaft of the stick, (with both thumbs pointing towards the head of the stick). Bring the head of the stick above and behind the throwing shoulder. Using an overhead throwing motion, quickly bring the head of the stick forward and pass the ball to a teammate running a line parallel to you fifteen feet away.
