

Fielding Task Analysis

Visual Description:

Performer is in an athletic ready position; shoulders square to oncoming target's start point. Performer positions body so that the oncoming ball's path is in the center of the stance, bending at waist and knees, cup hands, lowers hands into ball's path, tracking ball into hands, receives the ball, and draws it into the body.

Movement Sequence:

1. Feet shoulder width apart, square to target
2. Position in front of oncoming ball
3. Bending at waist and knees
4. Cup hands
5. Lowers hand into ball's path
6. Track ball into hands
7. Receive ball
8. Draw ball into body

**Critical Points*

Cues:

Ready Position
In front*
