

## 9<sup>th</sup> Grade Golf Objectives

### **Psychomotor:**

- P1: Five out of five students will demonstrate the proper golf stance (TA style) using a 1-wood driver.
- P2: Five out of five students will demonstrate the proper golf stance (TA style) using a 9-iron.
- P3: Student will demonstrate the golf swing (TA style) using a short iron club, striking a ball off of a practice mat, to a circular target area from a distance of 80 yards, 3 out of 5 times.
- P4: Student will demonstrate the golf swing (TA style) using a short iron club, striking a ball off of a practice mat, to within five yards of a specified yard line on the football field, 3 out of 5 times.
- P5: Student will demonstrate the golf putt (TA style), putting a golf ball over a 20 ft. distance between two parallel strings placed 6 inches apart, without touching either string, 4 out of five times.
- P6: Student will demonstrate the golf putt (TA style), putting a golf ball to within 12 inches of a specified target from a distance of 20 feet away, 4 out of 5 times.

### **Cognitive:**

- C1: Four out of five students will correctly name the scoring penalty and ball drop associated with a given hazard when called upon as a class.
- C2: Four out of five students will correctly match the yard length of a hole with the common par associated with a hole that distance on a written test.
- C3: Four out of five students will correctly trace the path of a putted golf ball to a hole located on the side of an inclined green, diagramed on a quiz.

### **Personal/Social:**

- P/S1: All students will demonstrate respect for one another by quietly watching as their partners address the ball and perform their golf swings.
- P/S2: All students will demonstrate proper etiquette by helping classmates locate errant shots during the field trip to the golf course.
- P/S3: All students will demonstrate respect for the rules by correctly scoring their rounds of golf during the field trip to the golf course.
